Narcoland Anabel Hernandez, 2013-09-10 The product of five years' investigative reporting, the subject of intense national controversy, and the source of death threats that forced the National Human Rights Commission to assign two full-time bodyguards to its author, Anabel Hernández, *Narcoland* has been a publishing and political sensation in Mexico. The definitive history of the drug cartels, *Narcoland* takes readers to the front lines of the "war on drugs," which has so far cost more than 60,000 lives in just six years. Hernández explains in riveting detail how Mexico became a base for the mega-cartels of Latin America and one of the most violent places on the planet. At every turn, Hernández names names – not just the narcos, but also the politicians, functionaries, judges and entrepreneurs who have collaborated with them. In doing so, she reveals the mind-boggling depth of corruption in Mexico's government and business elite. Hernández became a journalist after her father was kidnapped and killed and the police refused to investigate without a bribe. She gained national prominence in 2001 with her exposure of excess and misconduct at the presidential palace, and previous books have focused on criminality at the summit of power, under presidents Vicente Fox and Felipe Calderón. In awarding Hernández the 2012 Golden Pen of Freedom, the World Association of Newspapers and News Publishers noted, "Mexico has become one of the most dangerous countries in the world for journalists, with violence and impunity remaining major challenges in terms of press freedom. In making this award, we recognize the strong stance Ms. Hernández has taken, at great personal risk, against drug cartels."

Chasing the Sun Deluxe Juanes, 2013-04-02 The deluxe e-book edition of *Chasing the Sun* includes rare, behind-the-scenes video footage of superstar Juanes's early career, shows and concerts, recordings, personal life, and more. Interspersed throughout the text are exclusive interview clips that further explore the passion and truth found in Juanes's words and offer a true glimpse of the man behind the music. "I'm doing what I believe I was brought to this world to do: to create music that raises awareness, renews hearts, and generates change. I'll continue looking to the stars and traveling the globe as God permits me. And I hope I have many years left to connect through art, to play my guitar, and to continue

chasing the sun.”—Juanes In Chasing the Sun, the international music icon and humanitarian shares the incredible story of his life and how music and faith guided his path. In his own un-adulterated words, and with visually arresting images throughout—some of them never before seen—Juanes imparts his defining moments from childhood to present day, reflecting on his spiritual and musical journey and the personal and professional experiences that shaped the man he is today. Born and raised in Colombia, Juanes developed his deep love of music from his family and learned to play guitar at an early age. By age sixteen, he became a founding member, lead guitarist, vocalist, and song-writer for Ekhyosis, which went on to become Colombia’s leading hard-rock band. However, it was his career as a solo artist that propelled him toward international superstardom. With great honesty, Juanes reveals how his times of glory were often intersected by times of doubt and soul-searching and how remaining true to his beliefs and passionate about his art gave him the strength and foresight to reinvent himself and his career. While his role as a recording artist is well documented, the very private Juanes has never opened up in his own words—until now.

The Dare Harley Laroux, 2023-10-31 Jessica Martin is not a nice girl. As Prom Queen and Captain of the cheer squad, she'd ruled her school mercilessly, looking down her nose at everyone she deemed unworthy. The most unworthy of them all? The freak, Manson Reed: her favorite victim. But a lot changes after high school. A freak like him never should have ended up at the same Halloween party as her. He never should have been able to beat her at a game of Drink or Dare. He never should have been able to humiliate her in front of everyone. Losing the game means taking the dare: a dare to serve Manson for the entire night as his slave. It's a dare that Jessica's pride - and curiosity - won't allow her to refuse. What ensues is a dark game of pleasure and pain, fear and desire. Is it only a game? Only revenge? Only a dare? Or is it something more? The Dare is an 18+ erotic romance novella and a prequel to the Losers Duet. Reader discretion is strongly advised. This book contains graphic sexual scenes, intense scenes of BDSM, and strong language. A full content note can be found in the front matter of the book.

When the trial gives him phenomenal shape-shifting abilities, Gomez learns his new “freedom” requires surviving a superpowered war fought on the streets of NYC.

Characters in Fictional Worlds Jens Eder, Fotis Jannidis, Ralf Schneider, 2010-11-19 Although fictional characters have long dominated the reception of literature, films, television programs, comics, and other media products, only recently have they begun to attract their due attention in literary and media theory. The book systematically surveys today’s diverse and at times conflicting theoretical perspectives on fictional character, spanning research on topics such as the differences between fictional characters and real persons, the ontological status of characters, the strategies of their representation and characterization, the psychology of their reception, as well as their specific forms and constellations in - and across - different

media, from the book to the internet.

International Film Musical Corey K Creekmur, 2013-01-11 A unique study of the film musical, a global cinema tradition.

Didn't it rain piano, vocal, guitar Hugh Laurie, 2013-06-28 Das neue Album des bekannten Schauspielers (äDr. Houseä) und versierten Musikers verfolgt den Weg des Blues. Etliche Klassiker nahmen sich Hugh Laurie und Produzent Joe Henry vor und interpretierten diese neu. Unter den Gästen ist auch Bluesaltmeister Taj Mahal. äDas hier ist ohne Übertreibung mit Abstand das eigenständigste und interessanteste Roots-Album eines zeitgenössischen Genre-Interpreten seit Langem. Alles, was hier glänzt, ist nicht mal Gold, sondern pures Platin ... Als versierter Pianoman mit hochemotionalem Anschlag darf man Laurie getrost ins Regal neben den Hellboy des Blues, Tom Waits, stellen. Ob Spurenelemente von Klassik, ein fetter Barrelhouse-Touch oder gelegentlicher Honkytonk: Er liebt sein Instrument wie ein eigenes Kind und behandelt es auch so ... Am Ende der Scheibe steht man sabbernd da und fragt sich und Laurie, warum dieser hervorragende Musiker nicht schon seit Jahrzehnten Schallplatten aufnimmtä (www.laut.de).

What Comes After Farce Hal Foster, 2020-05-19 If farce follows tragedy, what follows farce? Where does the double predicament of a post-truth and post-shame politics leave artists and critics on the left? How to demystify a hegemonic order that dismisses its own contradictions? How to belittle a political elite that cannot be embarrassed, or to mock party leaders who thrive on the absurd? How to out-dada President Ubu? And, in any event, why add outrage to a media economy that thrives on the same? What Comes After Farce? comments on shifts in art, criticism, and fiction in the face of the current regime of war, surveillance, extreme inequality, and media disruption. A first section focuses on the cultural politics of emergency since 9/11, including the use and abuse of trauma, paranoia, and kitsch. A second reviews the neoliberal makeover of art institutions during the same period. Finally, a third section surveys transformations in media as reflected in recent art, film, and fiction. Among the phenomena explored here are machine vision (images produced by machines for other machines without a human interface), operational images (images that do not represent the world so much as intervene in it), and the algorithmic scripting of information so pervasive in our everyday lives.

The Cultural Production of the Educated Person Bradley A. Levinson, Douglas E. Foley, Dorothy C.

Holland, 1996-01-01 Examines the ways in which cultural practices and knowledges are produced in and out of schools around the world.

A Secret for Julia Patricia Sagastizábal, 2001 Argentine writer Mercedes Beecher is living in self-imposed exile in London with her teenaged daughter when the horrors of her past catch up with her.

Ukraine and Russia Agnieszka Pikulicka-Wilczewska, Richard Sakwa, 2016-05-19 The dangerous turmoil provoked by the breakdown in Russo-Ukrainian relations in recent years has escalated into a crisis that now afflicts both European and global affairs. Few so far have looked at the crisis from the point of view of Russo-Ukrainian relations, a gap this edited collections seeks to address.

The Year of the Crab Gordon Meade, 2017-10-02 The power of the poetry in *The Year of the Crab* lies in the simplicity of the language, and the bald yet beautiful and touching observations made by Gordon Meade during the year following his cancer diagnosis.

Queer Words, Queer Images Ronald Jeffrey Ringer, 1994-01-01 In many arenas the debate is raging over the nature of sexual orientation. *Queer Words, Queer Images* addresses this debate, but with a difference, arguing that homosexuality has become an issue precisely because of the way in which we discuss, debate, and communicate about the concept and experience of homosexuality. The debate over homosexuality is fundamentally an issue of communication—as we can see by the recent controversy over gays in the military. This controversy, termed by one gay man as the annoying habit of heterosexual men to overestimate their own attractiveness, has been debated in communication-sensitive terms, such as morale and discipline. The twenty chapters address such subjects as gay political language, homosexuality and AIDS on prime-time television, the politics of male homosexuality in young adult fiction, the identification of female athleticism with lesbianism, the politics of identity in the works of Edmund White, and coming out strategies. This is must reading for students of communication practices and theory, and for everyone interested in human sexuality. Contributing to the book are: James Chesebro (Indiana State), James Darsey (Ohio State), Joseph A. Devito (Hunter College, CUNY), Timothy Edgar (Purdue), Mary Anne Fitzpatrick (Wisconsin, Madison), Karen A. Manufacturing Tales Gary Alan Fine, 1992 The mouse in the Coke bottle, the promiscuous cheerleader, the exploding Pop Rocks candy, the Kentucky Fried Rat. If the ballad and the fairy tale were the archetypal folklore forms of an earlier age, such contemporary legends constitute the preferred narrative genre of the late twentieth century. In *Manufacturing Tales*, award-winning folklorist Gary Alan Fine presents a major new theory of the creation and diffusion of contemporary legends in modern society. While ballad and fairy tale arose in folk communities and spread through trade and migration, contemporary legends thrive in societies crosscut by varied communication channels and relatively open networks. By

looking at the social-structural background, the performance context, the personality of the teller, and the content of the text, we gain insight into the formation, dissemination, and disappearance of these modern legends. Fine identifies sex and money as key themes in contemporary legends, reflecting the public's disguised attempts to deal with major contemporary preoccupations. From the AIDS crisis to fears of food contamination in restaurants, popular anxieties are reflected in folklore. As dramatic, moving, comic, and involving texts, contemporary legends build relationships among acquaintances and strangers; as depictions of the world that we face every day, they provide perspective on potential challenges; and as shared information, they elaborate a consensual understanding of reality.

Tabloid Journalism in South Africa Herman Wasserman, 2010-05-31 Less than a decade after the advent of democracy in South Africa, tabloid newspapers have taken the country by storm. One of these papers -- the Daily Sun -- is now the largest in the country, but it has generated controversy for its perceived lack of respect for privacy, brazen sexual content, and unrestrained truth-stretching. Herman Wasserman examines the success of tabloid journalism in South Africa at a time when global print media are in decline. He considers the social significance of the tabloids and how they play a role in integrating readers and their daily struggles with the political and social sphere of the new democracy. Wasserman shows how these papers have found an important niche in popular and civic culture largely ignored by the mainstream media and formal political channels.
