The Adventures of Don Chipote, or, When Parrots Breast-Feed Daniel Venegas, 2000-04-30 Originally published in 1928, and written by journalist Daniel Venegas, *Las aventuras de Don Chipote* is an unknown classic of American literature, dealing with the phenomenon that has made this nation great: immigration. It is the bittersweet tale of a greenhorn who abandons his plot of land (and a shack full of children) in Mexico to come to the United States and sweep the gold up from the streets. Together with his faithful companions, a tramp named Policarpo and a dog called Skinbones. Don Chipote (whose name means bump on the head) stumbles from one misadventure to another. Along the way, we learn what the Southwest was like during the 1920s: how Mexican laborers were treated like beasts of burden, and how they became targets for every shyster and lowlife looking to make a quick buck. The author, himself a former immigrant laborer, spins his tale using the Chicano vernacular of the time. Full of folklore and local color, *Don Chipote* is a must-read for scholars, students, and all who would become acquainted with the historical and economic roots, as well as with the humor, of the Southwestern Hispanic community. Ethriam Cash Brammer, a young poet and scholar, provides a faithful English translation, while Dr. Nicolás Kanellos offers an accessible, well-documented introduction to this important novel in 1984.

Mexicans on Death Row Ricardo Ampudia, 2010-11-30 They stole 15 years of my life. A native of Monterrey, Mexico, Ricardo Aldape Guerra was sentenced to death in 1982 for the first-degree murder of a Houston Police Officer that took place three months earlier. He spent 15 years in a maximum security prison in Huntsville, Texas, before his death sentence was overturned and he was set free. Ricardo Ampudia, former Consul General of Mexico in Houston, Texas, explores the history and ethics of the death penalty in this fascinating look at its impact on Mexicans sentenced to death in the United States. A fervent opponent of capital punishment, Ampudia came to his beliefs because of his involvement in defending Aldape. The author offers a brief introduction about the death penalty, both in the U.S. and around the world, and notes that in 2001, 90% of all known executions occurred in China, Iran, Saudi Arabia, and the United States. Most of the countries that apply the death penalty have dictatorial regimes or repressive governments, with the U.S. being the notable exception. Subsequent chapters focus on the phenomenon of the death penalty in the U.S. and the work done by the Mexican government to protect

its citizens abroad. The final chapters focus on the Ricardo Aldape Guerra case. In this section written by Scott Atlas, the attorney who handled his defense, and Michael Mucchetti, both from the Vinson & Elkins law firm, it's revealed that the reopened investigation of the crime uncovered evidence that the jury never heard when Aldape was convicted. And in fact, a shocking pattern of police and prosecutorial intimidation, misconduct, and abuse came to light. Originally published in Mexico as *Mexicanos al grito de muerte*, this absorbing account of the history, use, and flaws of the death penalty is a must-read for anyone interested in the criminal justice system in the United States.

Youth Violence Prevention Timothy N. Thornton, 2006 This important book deals with the problem of youth violence by attacking it at the grass-roots level -- the community.

Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Development with Identity Robert E. Rhoades, 2006 Throughout Latin America, indigenous peoples are demanding that development must address local priorities, including ethnic identity. Simultaneously, sustainability scientists need to conduct place-based research on the interaction between environment and society that will have global relevance. This book reports on a 6 year interdisciplinary research project on natural resource management in Cotacachi, Ecuador, where scientists and indigenous groups learnt to seek common ground. The book discusses how local people and the environment have engaged each other over time to create contemporary Andean landscapes. It also explores human-environment interaction in relation to biodiversity, soils and water, and equitable development. This book will be of significant interest to sociologists, anthropologists, economists and sustainability scientists researching environment and agriculture in rural communities.

Empire Express David Haward Bain, 2000-09-01 After the Civil War, the building of the transcontinental railroad was the nineteenth century's most transformative event. Beginning in 1842 with a visionary's dream to span the continent with twin bands of iron, *Empire Express* captures three dramatic decades in which the United States effectively doubled in size, fought three wars, and began to discover a new national identity. From self-made entrepreneurs such as the Union Pacific's Thomas Durant and era-defining figures such as President Lincoln to the thousands of laborers whose backbreaking work made the railroad possible, this extraordinary narrative summons an astonishing array of voices to give new dimension not only to this epic endeavor but also to the culture, political struggles, and social conflicts of an unforgettable period in American history.

A User's Guide to the Brain John J. Ratey, M.D., 2002-01-08 John Ratey, bestselling author and clinical professor of psychiatry at Harvard Medical School, lucidly explains the human brain's workings, and paves the way for a better understanding of how the brain affects who we are. Ratey provides insight into the basic structure and chemistry of the brain, and demonstrates how its systems shape our perceptions, emotions, and behavior. By giving us a greater understanding of how the brain responds to the guidance of its user, he provides us with knowledge that can enable us to improve our lives. In *A User's Guide to the Brain*, Ratey clearly and succinctly surveys what scientists now know about the brain and how we use it. He looks at the brain as a malleable organ capable of improvement and change, like any muscle, and examines the way specific motor functions might be applied to overcome neural disorders ranging from everyday shyness to autism. Drawing on examples from his practice and from everyday life, Ratey illustrates that the most important lesson we

can learn about our brains is how to use them to their maximum potential.

Cruelty and Utopia Jean-François Lejeune, 2005-02-03 This landmark collection of illustrated essays explores the vastly underappreciated history of America's other cities -- the great metropolises found south of our borders in Central and South America. Buenos Aires, So Paulo, Mexico City, Caracas, Havana, Santiago, Rio, Tijuana, and Quito are just some of the subjects of this diverse collection. How have desires to create modern societies shaped these cities, leading to both architectural masterworks (by the likes of Luis Barragn, Juan O'Gorman, Lcio Costa, Roberto Burle Marx, Carlos Ral Villanueva, and Lina Bo Bardi) and the most shocking favelas? How have they grappled with concepts of national identity, their colonial history, and the continued demands of a globalized economy? Lavishly illustrated, *Cruelty and Utopia* features the work of such leading scholars as Carlos Fuentes, Edward Burian, Lauro Cavalcanti, Fernando Oayrzn, Roberto Segre, and Eduardo Subirats, along with artwork ranging from colonial paintings to stills from Chantal Akerman's film *From the Other Side*. Also included is a revised translation of Spanish King Philip II's influential planning treatise of 1573, the *Laws of the Indies*, which did so much to define the form of the Latin American city.

The Crystal Frontier Carlos Fuentes, 2012-08-16 _____ A DRAMATIC FICTIONAL PORTRAIT OF THE US-MEXICO BORDER, MIGRATION, AND ITS IMPACT ON PEOPLE'S LIVES _____ Through this network of nine personal stories, Carlos Fuentes sets out to explain Mexico and America to each other – and to the rest of the world. He presents a dramatic fictional portrait of the relationship between the United States and Mexico, as played out in a Mexican dynasty led by a powerful Mexican oligarch with complex ties north of the border. It is the story of Mexican families who send their sons north to provide for whole villages with dollars and of Mexican tycoons who exploit their own people. Young Jose Francisco grows up in Texas, determined to write about the border world – the immigrants and illegals, Mexican poverty and Yankee prosperity – stories to break the stand-off silence with a victory shout, to shatter at last the crystal frontier.
